- Thickness: 0.1mm-0.5mm
- Highlight: **PVC Furniture PVC Decorative Film ,
1260mm Width PVC Decorative Film ,
0.1-0.5mm Thickness PVC Decorative Film**

Product Description

Product Description:

Realsun Deco PVC Foil: The Perfect Substitute for Natural Materials

Material

The main component of our PVC foil is Polyvinyl Chloride (PVC). This synthetic plastic material has superb strength, flexibility, and is easy to process.

Appearance

We offer a range of colors, textures, and patterns that closely resemble natural materials such as wood, stone, cloth, and metal. It's an affordable option that looks premium, and maintains its appearance without deteriorating over time.

Adaptability

Our PVC foil is suitable for various surfaces like walls, doors, furniture, and cabinets. It can be applied to different interior spaces and surfaces, making it a versatile option for your design projects.

Durability

Our PVC foil is known for its strength, making it a popular choice for high-traffic areas. It is resistant to deterioration and has a longer lifespan than natural materials, ensuring that your project looks new and beautiful for years to come.

Maintenance

Once installed, our PVC foil requires little maintenance. A simple wipe with a wet cloth once a week keeps it clean and fresh.

Economical

The cost of decorative PVC foil is lower than that of natural materials, making it an excellent option for your design projects. It provides refined aesthetics without the associated high costs of natural materials.

Modification

Manufacturers offer a range of styles and finishes, giving you the flexibility to create unique designs that meet your project requirements and personal design preferences.

Application

Decorative PVC foil is commonly used in commercial and home design projects. It is ideal for wall paneling, interiors, furniture surfaces, retail displays, kitchen and bathroom cabinets, and much more.

Features:

Product Name: PVC Furniture Film

Material: PVC

Application: Furniture, Door, Cabinet, Wall, Profile, Ceiling Etc.

Payment Term: T/T, L/C, Etc.

Width: 1260mm/1400mm

Feature:

Waterproof

Anti Flame

Anti Scratch

Antibacterial

Etc.

Technical Parameters:

The product thickness ranges from 0.1mm to 0.5mm, providing multiple options for buyers to choose from based on their preferences. Additionally, the vinyl film comes in varying widths including 1260mm and 1400mm to cater to different dimensions of surfaces. Finally, depending on the buyer's need, the rolls of vinyl film come in a length range of 100m to 400m.

There are a variety of designs available for the vinyl film including wood grain, solid color, marble, brick, and many others. This ensures that customers can find a design that complements the ambiance they desire in any space. Furthermore, this vinyl film is available in different surface treatments like Matt, Super Matt, Embossed, High Gloss, and Soft Touch. Each surface treatment is specifically tailored to simulate the texture and appearance of the materials they represent.

This product can also be customized to meet the specific requirements of a buyer. It is offered in OEM, ODM, and other related services. This provides customers with the opportunity to cater to their unique needs and specifications, thus meeting their demands fully.

Applications:
